

ReadMe.txt

0. Mount or extract iso file
1. Run Setup.exe to install. (No need to use a license file at this stage.)
2. Wait until the installation is complete. (Close it when finish)
3. Open the Task Manager > kill all process named 'veeam.xxxxxx'
4. Copy 'VeeamLicense.dll' in crack folder to
C:\Program Files\Common Files\Veeam
5. Restart PC
6. Open 'Veeam Backup & Replication'
7. Go to menu 'License' > Install > Select 'license.lic' (in crack folder) > Open > Close
8. Done.
